

Dear Valued Customers and Partners,

RE: Our 40th Anniversary since establishment and Announcement of our Capital Increase

We appreciate for your continuous support and kind attention to Summit Agro International Ltd. We are grateful to inform that we celebrate our 40th anniversary since our foundation on July 15, 2022, thanks to your long patronage. Prior to the anniversary, we are also pleased to inform you that on July 13, 2022, our Capital be increased through the rights issue to our parent company as follows;

- Capital before capital increase : 320 million yen
- Capital after capital increase : 3,020 million yen

As the core company of Sumitomo Corporation Group in the business area of Agro Science, Life Environment and Animal Science, we have implemented a policy to strengthen our financial base, aiming for autonomous management, and providing more flexible services to our Customers, in order for us to further demonstrate our capabilities in all business areas, to which our parent company has agreed undertaking our increased share issue.

The environment surrounding us is increasingly becoming volatile and complex in recent years. Accordingly, the expectations on the trading company functions from the business partners are becoming more diverse than ever. We take this circumstance very seriously, and are to accelerate our functions with the aim of maximizing our multi-faceted, sophisticated, and speedy functionality in order to expand our contribution to our business partners. In the area of trade functions, which had been the cornerstone of the company's operation since our foundation, we are working to further enhance our hub functions to gather feedback from customers, and to provide high-quality information and valuable proposals.

We look forward to your continued support and encouragement.

Yours sincerely,

July 15, 2022
